When the Lawgiver, the revered ape leader, was assassinated by a human, the city collapsed into a bloody civil war that shattered the fragile peace between ape and human. That war has been raging for ten years.

Sully, the leader of the human resistance movement, no longer believes in peace as the answer. Now Sully fights back for humanity against the woman she once called sister who, even now, is caring for Sully's child as her own: the leader of the apes, Alaya.
